

Join a Brainstorming Session. Your Ideas Are Important for Our Parish!

The Parish Pastoral Council (PPC) has collected and/or reviewed four data sets gleaned from surveys over the past two years and has synthesized the major themes that arose within all four data sets. The PPC has begun to outline action steps, so we continue the momentum in responding to this data. One of the action steps involves some brainstorming sessions to occur on specific topics during the first four Mondays in May (on Zoom at 7 PM). **The third brainstorming session is scheduled for May 15, and the topic is Welcome Committee.** We want to hear from you!

Some questions to consider are:

- Since inclusivity was one of the major themes in the synthesis, what do you think visitors concretely need to...
 - SEE when coming to Holy Cross?
 - HEAR when coming to Holy Cross?
 - RECEIVE (tangibly) when coming to Holy Cross?
- How do you imagine effective follow up from Holy Cross to a visitor?
